

MANAGEMENT DISCUSSION AND ANALYSIS

2ND QUARTER ENDED JUNE 30, 2015

*This Management Discussion and Analysis ("MD&A") is intended to supplement Eros Resources Corp.'s (the "Company" or "Eros") condensed consolidated interim financial statements and related notes for the six months ended June 30, 2015. The report is at **August 28, 2015**.*

All monetary amounts are in Canadian dollars unless otherwise specified.

The above referenced financial statements and the Company's other public filings can be found on SEDAR at (www.sedar.com).

INTRODUCTION

The MD&A has been prepared by management and reviewed and approved by the Board on August 28, 2015. The following discussion of performance, financial condition and future prospects should be read in conjunction with the audited consolidated financial statements for the years ended December 31, 2014 and 2013. The information provided herein supplements but does not form part of the financial statements. This discussion covers the six months ended June 30, 2015 and the subsequent period up to the date of issue of this MD&A. Additional information relevant to the Company's activities can be found on the Company's website www.erosresources.com and on SEDAR at www.sedar.com.

FORWARD-LOOKING STATEMENTS AND INFORMATION

Certain information included in this MD&A contains forward-looking statements or forward-looking information within the meaning of applicable Canadian securities laws, including, without limitation, in respect of the Company's priorities, plans and strategies and the Company's anticipated financial and operating performance and prospects. All statements and information, other than statements of historical fact, included in or incorporated by reference into this MD&A are forward-looking statements and forward-looking information, including, without limitation, statements regarding activities, events or developments that we expect or anticipate may occur in the future. Such forward-looking statements and information can be identified by the use of forward-looking words such as "will", "expect", "intend", "plan", "estimate", "anticipate", "believe" or "continue" or similar words and expressions or the negative thereof. There can be no assurance that the plans, intentions or expectations upon which such forward-looking statements and information are based will occur or, even if they do occur, will result in the performance, events or results expected.

We caution readers of this MD&A not to place undue reliance on forward-looking statements and information contained herein, which are not a guarantee of performance, events or results and are subject to a number of risks, uncertainties and other factors that could cause actual performance, events or results to differ materially from those expressed or implied by such forward-looking statements and information. These factors include: changes in priorities, plans, strategies and prospects; general economic, industry, business and market conditions; changes in

law; the ability to implement business plans and strategies, and to pursue business opportunities; potential legal and regulatory claims, proceedings and investigations; disruptions or changes in the credit or securities markets; inflationary pressures; and various other events, conditions or circumstances that could disrupt Boss's priorities, plans, strategies and prospects.

Shareholders are cautioned that all forward-looking statements and information involve risks and uncertainties, including those risks and uncertainties set out above and as detailed in Eros's continuous disclosure and other filings with applicable Canadian securities regulatory authorities, copies of which are available on SEDAR at www.sedar.com. The Company undertakes no obligation to publicly release the results of any revisions to forward-looking statements and information that may be made to reflect events or circumstances after the above-stated date or to reflect the occurrence of unanticipated events.

THE COMPANY

The Company was incorporated on March 26, 1981 under the Company Act (British Columbia). Pursuant to a resolution passed by shareholders on October 13, 2006, the Company changed its name to Boss Power Corp. effective June 14, 2007. On completion of the recent plan of arrangement effective June 21, 2015, the Company changed its name to Eros Resources Corp. The Company's corporate office is located at Suite 650, 1021 West Hastings Street, Vancouver, British Columbia.

Eros Resources is focused on the exploration and development of mineral deposits in North America.

SETTLEMENT MATTERS AND DIVISIVE REORGANIZATION

On April 1, 2014, the Company reached an agreement ("binding letter agreement") with Mr. Beruschi, a shareholder and former director of the Company, and certain associated companies to settle the legal disputes between them and complete a divisive reorganization pursuant to a plan of arrangement. On November 21, 2014 the parties involved entered into an arrangement agreement providing for the divisive reorganization of the Company by way of a plan of arrangement as contemplated by the binding letter agreement.

The Company had title to a uranium deposit located east of Kelowna, British Columbia (the "Blizzard Properties") which has an indicated and inferred resource estimated to be 10.4 million pounds of U3O8. Commencing in 2008, the Province of British Columbia (the "Province") legislated a moratorium on uranium exploration and development. The conduct of the Province negatively impaired the value of the Blizzard Properties such that the capitalized mineral property acquisition and expenditures of \$4,537,338 were written off in fiscal 2008.

On October 16, 2008, the Company commenced an action against the Province in the Supreme Court of British Columbia to seek damages and a declaration that its interest in the Blizzard Properties had been expropriated. The claim, as amended, alleged that, as a result of the actions of the Province, the Company suffered a loss equivalent to the economic value of the Blizzard Properties at the time the wrongful acts were committed.

On October 19, 2011, the Province agreed to settle the Company's claims for compensation for \$30,000,000 (the "Settlement Proceeds") plus costs upon return of the Blizzard Properties and certain peripheral properties (the "B Claims") for cancellation. The B Claims were held in trust by the Company's subsidiary, Blizzard Uranium Corp., for Mr. Beruschi, a former Director of the Company. The Company had been unsuccessful in reaching an agreement with Mr. Beruschi even though the B Claims were required by the Province to be surrendered as a condition of the

settlement, in addition to the Blizzard Properties owned outright by the Company.

In addition to the matter regarding these B Claims, certain other parties had claimed an interest in the Settlement Proceeds (the "Claims"). Only one of the parties making a Claim had commenced a lawsuit setting out the basis for its Claim. Sparton Resources Inc. ("Sparton") had named the Company and its subsidiary, Blizzard Uranium Corp., Anthem Resources Incorporated ("Anthem"), a significant shareholder of the Company, and the Province as defendants in its lawsuit over alleged obligations with respect to an agreement between Sparton and Anthem. In June 2015, Eros advanced \$340,000 to Anthem in order to settle the claim with Sparton.

On June 2, 2014, pursuant to a settlement reached on October 19, 2011, the Province paid out the Settlement Proceeds in return for the surrender of the mineral claims owned by the Company and the B Claims beneficially owned by Mr. Beruschi. In addition, the Company agreed to indemnify the Province against any claims in connection with the mineral claims. The settlement proceeds of \$30,000,000 and \$356,423 of awarded costs were paid out pursuant to a binding letter agreement between the Company and Mr. Beruschi's companies as follows: (i) \$3,600,000 to Mr. Beruschi; (ii) \$2,500,000 to the Company for interim funding purposes which included the \$356,423 awarded costs; and (iii) the balance of the Settlement Proceeds were held in trust pending completion of the divisive reorganization by way of a plan of arrangement. The Company paid legal fees net of the awarded costs of \$499,923 from the \$2,500,000. The net settlement received by the Company was \$26,400,000. The Company settled with the other claimants as follows: (i) \$400,000 to Anthem for claims against the Company in return for assuming all obligations for the Sparton action; and (ii) \$475,000 to Cazador Resources Ltd. for its legal disputes against the Company.

Shareholder approval of the divisive reorganization was obtained on January 19, 2015. The divisive reorganization resulted in Mr. Beruschi's share holdings and any other shareholders of the Company that elected, exchanging their Eros Resources shares for those of a newly incorporated corporation. The directors of the newly incorporated corporation are nominees of Mr. Beruschi and this corporation has as its primary asset as cash in an amount equal to \$0.322 per elected shares. The electing shareholders, in aggregate held 34,423,717 shares. As a result, the balance of the settlement funds held in trust, including accumulated interest from June 2, 2014, were distributed as \$11,084,436 to the new incorporation, \$23,191 to Anthony Beruschi and \$13,199,546 to Eros Resources. Shareholders of the Company that did not elect to become shareholders of the newly incorporated corporation continue to be shareholders of the Company. The resulting issued and outstanding shares of the Company were 42,026,631 of which 27,250,000 were owned by Anthem.

Anthem shareholders directly hold approximately 64.3% of the issued and outstanding shares of Eros. On May 4, 2015 the Company and Anthem entered into a letter of intent with respect to a transaction pursuant to which Eros Resources acquired all of the issued and outstanding common shares of Anthem.

On the recommendation of a special committee of Anthem and Eros directors, the transaction was implemented by way of a statutory plan of arrangement (the "Arrangement") under the *Business Corporations Act* (British Columbia). Under the proposed terms of the transaction, Eros acquired all of the outstanding common shares of Anthem at a share exchange ratio of 0.75 of a common share of Eros for each common share of Anthem. The Company obtained approval of the shareholders of Anthem and Eros at a joint shareholder meeting.

EROS RESOURCES CORP.
(formerly Boss Power Corp.)
Management Discussion and Analysis
June 30, 2015

With the completion of the transaction, the 27,250,000 common shares of Eros Resources held by Anthem were cancelled, such that, following the Arrangement, 41,866,354 Eros shares were issued and outstanding. Immediately prior to the closing, 3,725,000 options to acquire Eros shares were surrendered and cancelled. Anthem shares have been delisted from the TSXV and Anthem is no longer a reporting issuer.

In connection with the closing, the Company changed its name to Eros Resources Corp. and changed its trading symbol on the TSX Venture Exchange to ERC.

The merger of the companies is expected to provide significant benefits for shareholders of Anthem and Boss, including:

- elimination of the double holding company discount
- the opportunity for Anthem shareholders to gain direct exposure to Anthem's investment in Boss;
- pooling of cash and mineral resources;
- operating efficiencies and a substantial reduction in overhead expense;
- a strong position from which to participate in the anticipated consolidation in the mining industry.

The Company has embarked on a program of considering for acquisition, high quality resource projects with low holding costs with near term cash flow and considerable exploration upside.

EXPLORATION AND EVALUATION ASSETS

BELL MOUNTAIN PROPERTY, NV

On April 24, 2015, upon completion of a due diligence period, the Company entered into a definitive purchase agreement with Laurion Mineral Exploration Inc. ("Laurion") to purchase Laurion's rights to prior expenditure credits in the Bell Mountain property, for the purchase price of \$650,000. As part of the transaction, the Company has assumed all of the obligations, interests and rights of Laurion under an exploration and option agreement between Laurion and Globex Mining Enterprises Inc. (TSX:GMX) ("Globex") including the obligation to incur and complete certain expenditures necessary to fulfill the earn-in respecting the primary mineral properties of the Bell Mountain Project.

On June 15, 2015, Eros satisfied the earn-in obligations with Globex and obtained 100% title to the Bell Mountain Property as per the terms and conditions of the underlying option agreement. An Advanced Royalty Payment of \$20,000 is due annually beginning June 15, 2016 until such time as there is production from the property.

Bell Mountain is located southeast of Reno, Nevada in the Fairview mining district, approximately 54 miles (86 kilometres) from Fallon, Nevada.

An amended and restated NI 43-101 technical report dated May 6, 2015 prepared by Welsh Hagan Associates (formerly Telesto Nevada, Inc.) entitled "Amended and Restated NI 43-101 Technical Report for the Bell Mountain Project, Churchill County, Nevada" (the "Amended and Restated Technical Report") in connection with Eros's acquisition is available on SEDAR at www.sedar.com and on Eros's website at www.erosresources.com. See the Eros press release dated April 30, 2015 for more information respecting the acquisition.

EASTGATE PROPERTY, NV

Pursuant to an agreement with Kermod Resources Ltd. ("Kermod"), Eros purchased ½ of Kermod's 30% interest in the property and agreed to purchase a further 30% interest in the property from the underlying vendor, Blue Ridge Gold (See Kermod news release of May 10, 2012). Payment to Kermod of US\$250,000 has been completed and the first installment of US\$200,000 has been completed to Blue Ridge Gold for a 15% property interest. Eros will have up to one year to make a second payment of US\$200,000 to increase its property interest to 45%.

Subject to Eros completing the purchase of an aggregate 45% of the property, Kermod and Eros will have the right to jointly and equally participate in the remaining purchases of a 15% and a 25% property interest pursuant to and contemplated by the Blue Ridge Agreement. Either party may elect not to complete its share of the purchases, in which case, the other party may complete the purchase on its own account. The parties also have the right to call for a joint venture arrangement under the terms of the Blue Ridge Agreement at any time with Blue Mountain, the underlying vendor.

Eros has the right to act as the operator during the exploration stage of the project. Further information on the acquisition is available on SEDAR at www.sedar.com and on Eros's website at www.erosresources.com. See the press release dated May 25, 2015.

RELATED PARTY TRANSACTIONS

Key management compensation

Key management personnel at the Company are the directors and officers of the Company. The remuneration of key management personnel during the six months ended June 30, 2015 and 2014 was as follows:

		2015		2014
Short-term benefits	1	\$ 47,320	\$	48,850

1 Short-term benefits consist exclusively of salaries, bonuses, health benefits and consulting fees for key management personnel.

In accordance with Item 1.9 of Part 2 of Form 51-102.F1 the Company has no ongoing contractual commitments with related parties. Short term benefits were paid or are payable to Keewatin Consultants (2002) Inc. for services of the Chief Executive Officer and to Forde Management & Associates Ltd. for services of the Chief Financial Officer. Other than the amounts disclosed above, there were no short-term employee benefits or share-based payments paid to key management personnel during the six months ended June 30, 2015 and 2014.

Earn-in Arrangement

The Company entered into an arrangement with Skeena to earn 8.7% of their Spectrum property for \$1,500,000. Eros and Skeena share a common director and officer.

Advances to related party

In June 2015, the Company advanced \$340,000 to Anthem in order to settle the outstanding lawsuit with Sparton.

OFF BALANCE SHEET ARRANGEMENTS

The Company has not entered into any off-balance sheet arrangements.

PROPOSED TRANSACTIONS

There are no proposed transactions, other than the divisive re-organization by way of a plan of arrangement as discussed in this MD&A.

NEW STANDARDS, AMENDMENTS AND INTERPRETATIONS NOT YET EFFECTIVE

Certain pronouncements were issued by the IASB or the International Financial Reporting Interpretations Committee ("IFRIC") that are mandatory for accounting periods after December 31, 2014. Pronouncements that are not applicable to the Company have been excluded from those described below. The following standards will become effective in future periods:

IFRS 9 *Financial Instruments* (2014)

This is a finalized version of **IFRS 9**, which contains accounting requirements for financial instruments, replacing [IAS 39 *Financial Instruments: Recognition and Measurement*](#). The standard contains requirements in the following areas:

- **Classification and measurement.** Financial assets are classified by reference to the business model within which they are held and their contractual cash flow characteristics. The 2014 version of **IFRS 9** introduces a “fair value through other comprehensive income” category for certain debt instruments. Financial liabilities are classified in a similar manner to under **IAS 39**; however, there are differences in the requirements applying to the measurement of an entity's own credit risk.
- **Impairment.** The 2014 version of **IFRS 9** introduces an “expected credit loss” model for the measurement of the impairment of financial assets, so it is no longer necessary for a credit event to have occurred before a credit loss is recognized.
- **Hedge accounting.** Introduces a new hedge accounting model that is designed to be more closely aligned with how entities undertake risk management activities when hedging financial and non-financial risk exposures.
- **Derecognition.** The requirements for the derecognition of financial assets and liabilities are carried forward from **IAS 39**.

Applicable to annual periods beginning on or after January 1, 2018.

CORPORATE GOVERNANCE

Management of the Company is responsible for the preparation and presentation of the annual and interim consolidated financial statements and notes thereto and the accompanying MD&A and other information contained therein. Additionally, it is management's responsibility to ensure the Company complies with the laws and regulations applicable to its activities.

The Company's management is accountable to the board of directors, each member of which is elected annually by the shareholders of the Company.

The Audit Committee is responsible for the reviewing and approving of the Company's quarterly unaudited interim consolidated financial statements and related MD&A. The Audit Committee is comprised of three directors, all of whom are independent of management.

FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

Fair Values

The Company's carrying values of cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities approximate their fair values due to their short term to maturity.

Credit Risk

Financial instruments that potentially subject the Company to credit risk consist of cash and cash equivalents and accounts receivable. The Company deposits cash and cash equivalents with high credit quality financial

institutions. The total exposure of the Company to credit risk is represented by the carrying value of cash and cash equivalents and accounts receivable as shown in the balance sheet.

Interest Rate Risk

Included in the income for the year in these financial statements is interest income on Canadian dollar cash and cash equivalents. If interest rates throughout the period ended June 30, 2015 had been 10 basis points (0.1%) lower (higher) then net income would have been \$2,000 lower (\$2,000 higher).

Liquidity Risk

The Company is subjected to liquidity risk to the extent of its accounts payable and accrued liabilities only. These amounts, as shown in the Company's balance sheet, all mature within 90 days of June 30, 2015.

RISKS AND UNCERTAINTY

Success in the mining exploration business is measured by a company's ability to raise funds, secure properties of merit and, ideally, identify commercial deposits on one of its properties. The attainment of these objectives is influenced by many factors not necessarily within management's control.

Risk factors include political risks and government interference, the establishment of undisputed title to mineral properties, environmental concerns and obtaining governmental permits and licenses when required.

The resource industry is intensely competitive in all of its phases, and the Company competes with many companies possessing far greater financial resources and technical facilities. Competition could adversely affect the Company's ability to acquire, explore and develop properties in the future.

The ability to raise funds is in part dependent on the state of the junior resource stock market, which in turn is dependent on the economic climate, metal prices and perceptions as to market trends.

The Company limits its exposure to credit loss by placing its cash with major financial institutions.

CONFLICTS OF INTEREST

Some of the directors of the Company are also directors of other companies that are similarly engaged in the business of acquiring, exploring and developing natural resource properties. Such associations may give rise to conflicts of interest. In particular, one of the consequences will be that corporate opportunities presented to a director of the Company may be offered to another company or companies with which the director is associated, and may not be presented or made available to the Company. The directors of the Company are required by law to act honestly and in good faith with a view to the best interests of the Company, to disclose any interest which they may have in any project or opportunity of the Company, and to abstain from voting on such matter. Conflicts of interest that arise will be subject to and governed by Business Corporations Act (British Columbia), applicable securities law, and the procedures prescribed in the corporate governance guidelines published by the BCSC and TSX-V.
